

## **Motion 2: Skipper Race Committee Requirement**

### **MOTION PASSED 22 February, 2014, at the Fleet 50 Annual Meeting & Awards Banquet**

This motion is designed to ensure that our Fleet 50 skippers set the example when it comes to being responsible members of the fleet and PRSA. The requirement proposed in the motion supplements, but does not replace, the PRSA requirement that each skipper fill approximately 6 RC "slots" (PRO, driver, or helper duty) over the course of a season.

*Each Fleet 50 skipper\* is required to serve on Race Committee in person at least one time during the course of a racing season in order to be scored for the Fleet 50 Championship. A Fleet 50 skipper may fulfill this requirement by serving in any role (PRO, driver, or helper) on Race Committee. A skipper who fails to fulfill this requirement will be disqualified from the Fleet 50 Championship scoring.*

*\* Defined as an individual who pays skipper dues to Fleet 50 in a given year.*
